Note: I had a privilege to meet Pu Dr Vum Ko Hau at his residence (Luis Street, Rangoon) on 16th January 1991. He was old age but very actively talking about his life expedience and history. He was very proud to receive a Ph D (*with special research project "Profile of a Burma Frontier Man)* without studying Bachelor and Master Degrees. He gave me his short biography, this article is taken from there. I am so sadden to hear that he passed away in 2006. I am thinking to write more detail about him later. If you are interested on Pu Dr Vum Ko Hau, I can be reached at dhaokip5@gmail.com.
